Continuation of Attachment(s) 6). Other: Raw Sequence Listing Error Report.

### DETAILED ACTION

An amendment in response to an Ex Parte Quayle Action was received and entered on 9/3/04.

Applicant's amendment to the drawings was sufficient to overcome the objection set forth in the previous Office Action, however the new Sequence Listing contains errors as follows.

The newly submitted Sequence Listing fails to comply with the Sequence Rules. See attached Raw Sequence Listing Error Report. SEQ ID NO:1 has 'w's at positions 5, 6, and 7, and 'y's at positions 9, 10, and 11. However, the Sequence Listing indicates under items '222' that 'w' is only at positions 5 and 6, and that 'y' is at 7-9. Appropriate correction is required.

Applicant must provide:

A substitute computer readable form (CRF) copy of the "Sequence Listing".

A substitute paper copy of the "Sequence Listing", as well as an amendment directing its entry into the specification.

A statement that the content of the paper and computer readable copies are the same and, where applicable, include no new matter, as required by 37 C.F.R. 1.821(e) or 1.821(f) or 1.821(g) or 1.825(b) or 1.825(d).
